

AIRBUS **EC-130 B4** ECOSTAR

UNMATCHED COMFORT AND SAFETY

This technological marvel features an exceptionally large cabin, providing passengers with an incomparable view and unparalleled comfort.

The newest member of the Aster series, the EC-130 B4, is a miracle of innovation. Designed with safety in mind, its engineers created an electronic fuel assistant management system with safe redundancy to ensure the safety of pilots and passengers alike.

The EC-130 B4 is equipped with a Fenestron tail rotor that significantly reduces its sound impact as well as the risk of hang ups.
